

Oliver Sagala

Front End Web Developer

Resourceful Front End Web Developer bringing in-depth knowledge of latest technology trends to produce clean website design. Experience handling complex HTML and CSS coding, design and extensions to meet organization's front-facing internet needs. Detail-oriented collaboration with others to define project expectations and demand. Hands-on testing and debugging to address inconsistencies and maintain performance thresholds.

Experience

2020-08 - Graphic Designer

Present *Nia Foundation (Formerly Afya Mtaani) - Nyeri*

- Developed creative design for marketing packages, including print materials, brochures, banners and signs.
- Created aesthetically-pleasing advertisements that complemented the operation of the organization.
- Created graphics for social media, advertising and informational purposes.
- Employed design fundamentals when selecting typography, composition, layout and color in design work.
- Developed collateral such as display, marketing and packaging materials to support product branding strategies.
- Demonstrated ability to take on various roles including graphics assistant and graphics specialist to provide range across projects.

2020-07 - Front End Web Developer

Present *CvPoa Solutions - Nairobi*

- Assembled and addressed technical and design requirements, integrating user-facing and front-end elements to maintain web presence effectiveness.
- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.
- Managed full-cycle design tasks, handling all phases from conception to completion while maintaining guidelines throughout.
- Wrote clean HTML and CSS code, integrating design, extensions and third-party apps according to web development plans.
- Identified and resolved website performance flags to optimize speed.
- Conceptualized digital creative campaigns and initiatives.
- Designed and updated layouts to meet usability and performance requirements.
- Pinpointed user experience issues to devise targeted suggestions for improving user experience.
